FEEDBACK FROM FUNCTION GUESTS:

· *Thank you to all and your staff for a wonderful night on Sat night. We had a fantastic time. I have received many phone calls already this morning with people telling me what a great time they had. The food and service was excellent.* **Vicki Acworth – Trade Tools**

· *Just a quick email to thank you again for a wonderful engagement party. We have had so many people say how fantastic the food and drink service was, we love hearing all the positive comments. The whole process was so easy. I keep thinking back to the day we first came in and asked if we could have the 23rd July for our party, I was so desperate to book a venue and I'm glad it all worked out. All the best.* **Belinda Gallagher – Engagement Party**

· *Just wanted to say a great big thank you to Nikki for making my daughter's 21st birthday party a fabulous night. Everyone enjoyed themselves immensely and I am particularly happy and*

*impressed with the way the Functions Co-Ordinator helped with everything before, during and after the night. She went above and beyond the call of duty with helping me with a little something that I needed to do for the night and had forgotten to take with me on the plane from Cairns to Brisbane. Nikki is a fabulous function co-ordinator and I will be recommending 'The Caxton' and Nikki to all my friends and family in Brisbane who is after a venue for their special day or night... **Trish Mathews – 21st Birthday Party***

*· I just wanted to say how awesome friday night was. Everyone is talking about what a fabulous night it was. There was heaps of food and everyone loved the room!!! Thank you so very much. – **Giuli Raffa - Qantas***

· On Saturday 15th October, I held my 21st Birthday Party at the Cocktail Bar at the Caxton Hotel. I am emailing you today, as I wanted to let you all know that it was an overwhelming success, which can be attributed to your functions manager, Nikki. From my first meeting with Nikki, when I was searching venues in the area until the finishing time of my party, Nikki was exceptional in her enthusiasm and help with my party. Nikki always approached everything with a positive 'can do' attitude, and was very patient with our ideas. The night ran without a hitch, which made me and my family relax more and this was 100% because of Nikki and her brilliant organization and work ethic. Still working hard until after 1am, when we finally left the venue, Nikki never slipped in her professionalism.

Having my parents not live in Brisbane, they were a bit worried how the night was going to run, however once they met Nikki and saw her plans they knew it was going to be fine. And it was. Many friends and family have talked to me since the party, telling me that the food, drinks, venue and organization of the night made it a great party - again this is all thanks to Nikki and your team.

*We are still talking about how lucky we were to find such a great team, led by Nikki to help plan the party. Nikki truly is a great asset to your Hotel, and my family and I will have no hesitation in referring her to any friends or family who may need function or venue hire. I did search many venues in the Brisbane area for my party, and can honestly say that your functions staff were the best by far. **Will Curtis – 21st Birthday Party***
